

TECNET FRESH OSAKA

MULTI PURPOSE FRESHENER

1 product, 2 functions

Biphasic concentrated formulation

Diffuses an intense perfume of lotus flowers

APPLICATIONS

- Concentrated freshener
- Surface cleaner

FEATURES

Bifunctional product, maintains the fragrance over time.

Used as a perfumer it is also suitable for use on fabrics, it guarantees the deodorising effect without ruining the colours.

Used as a detergent, it has a self-drying power and does not generate foam, allows use without rinsing and with washer-dryer machines.

Designed for every washable surface: linoleum, floors, tiles, doors, kitchens, sanitary ware, waste bins etc.

Eliminates unpleasant odours, releasing an intense perfume of lotus flowers in the environment.

INSTRUCTIONS FOR USE

Biphasic product, always shake before use.

Use as a perfumer:

Spray the product in the corners, on the surfaces or directly on the fabrics (curtains, sofas, carpets ...).

2-3 sprays of product are recommended for an area of 20m².

It is advisable to test the product in a non-visible corner to assess tissue resistance; do not use on delicate leather and fabrics.

Use as a floor cleaner:

Dilute in water from 1 to 3%.

For daily maintenance and light soiling, dilute to 1%.

For a greater cleaning and perfuming power, dilute from 2 to 3%.

It is advisable not to use different fragrances at the same time. The sense of smell could become accustomed to the continued use of a fragrance. In this case, it is possible to change the fragrance by choosing from the products of the MULTI PURPOSE FRESHENERS line.
