ENERFOR ACID FOAM

FOAM DESCALER

Removes limestone and inorganic residues Cleans and sanitizes in a single operation Efficacy guaranteed with Air Foam System

APPLICATIONS Foaming detergent to remove inorganic deposits, sanitize and cleanse machinery, plants and

surfaces in food industry.

FEATURES Formula generating a high-active and low water foam, granting a high gripping power on vertical

surfaces; the best result is obtained with proper frothers, fixed or moveable. It carries out in a single operation the descaling, sanitizing and cleansing effects.

INSTRUCTIONS FOR USE Remove with hot water and in pressure possible greasy dirt residues, then apply the product as

follows:

WITH PROPER FROTHERS:

use pure measuring water and air quantity: wait 10-15 minutes for the foam to collapse and wash

away with water

WITH NEBULIZERS, PRESSURE WATER MACHINE, BY IMMERSION, FOR MANUAL OPERATIONS:

Dilute in water 1-5%, leave on 10 minutes and wash away with water.
