

ENERFOR ENERMAX

PRETREATMENT STAIN REMOVER

Eliminates grease and proteic soil

Suitable both for hand and machine washing

Specific for shirt's collar and cuffs

APPLICATIONS

Specific pre-treatment stain remover to remove greasy, greasy and protein dirt from wrists and shirt collars.

Can be used both by hand and in the washing machine as an adjuvant in the washing bath.

FEATURES

Concentrated product, complete with soaps, wetting surfactants and solvents, it performs an effective degreasing action even at low dosages; thanks to the gel formulation it is particularly easy to dose.

The absence of optical bleaches makes the product suitable as a detergent for white and colored garments, even in the presence of water particularly rich in sodium.

The product can be automatically dosed in laundries and used in combination with alkalizing, oxidizing and chlorinated bleaches; the washing cycle can be concluded with a neutralizing softener.

DOSI CONSIGLIATE E MODALITÀ D'USO

PURE USE: before washing, spread the product directly on the stains and gently rub the fabric. Leave to act for a minute and wash with hot water by hand or in the washing machine.

ADJUVANT IN THE WASHING MACHINE: add to the washing bath respecting the following dosages:

Water Hardness	Dosages in g for 4,5 KG of dry laundry			
	 Light dirt	 Medium Dirt	 Very Dirt	
	Wash		Pre-wash	Wash
0-15 °F	9	18	5	14
15-25 °F	18	27	9	21
>25 °F	27	36	13	29

PACKAGING:	Standard packages	N° pieces for carton	N° cartons / packages for pallet	N° pieces for pallet	Loads per standard package
	Bottle ml 750	12	60	720	
Tank Kg 5	3	48	144
