

MEDISEPT P.M. 361

DISINFECTANT FOR EXTERNAL USE FOR DOMESTIC AND CIVIL USE

Disinfectant cleaner against bacteria, fungi and viruses
 Registration of the Italian Ministry of Health number 16627
 Fresh and pleasant scent

APPLICATIONS

In a 5% solution it is effective in the disinfection and cleaning of hard surfaces of all types (floors, walls, fixtures, furnishings) of hospitals, communities, meeting places, gyms, warehouses, sanitary equipment and any environment that needs a thorough hygienic control. The use of the product must be subject to the removal of foodstuffs from the premises intended to contain them, for the period necessary for carrying out the treatment and subsequent decay.

FEATURES

It has a disinfectant action, with a broad spectrum of action against gram + and gram-bacteria, fungi and viruses; detergent to quickly remove all types of dirt, deodorant, for the ambient air.

100 g of product contain: didecyl dimethyl ammonium chloride 1.5 g, co-formulants and water q.s.

INSTRUCTIONS FOR USE

In a 5% solution, after 5 minutes of contact with the treated surfaces, a complete elimination of all bacterial species is guaranteed. Proceed manually or by spraying on the surfaces with special equipment.

Keep the container tightly closed. Do not swallow. Do not mix with other detergents or anionic surfactants. Any use of sprayers must be carried out with the necessary precautions and in the absence of people.
