## DISINFECTANT FOR EXTERNAL USE FOR DOMESTIC AND CIVIL USE

Disinfectant cleaner against bacteria, fungi and viruses  
 Registration of the Italian Ministry of Health number 16628  
 Fresh concentrated scent

### APPLICATIONS

In a 1% solution, it guarantees disinfection of all types of hard surfaces (floors, walls, fixtures, furnishings) in hospitals, communities, meeting places, gyms, industries, warehouses and any environment that requires careful hygiene control. The use of the product must be subject to the removal of foodstuffs from the premises intended to contain them, for the period necessary for carrying out the treatment and subsequent decay.

### FEATURES

It has a disinfectant action, with a broad spectrum of action against gram + and gram-bacteria, fungi and viruses; detergent to quickly remove all types of dirt, deodorant, for the ambient air.

100 g of product contain: didecyl dimethyl ammonium chloride 4.5 g, co-formulants and water q.s.

### INSTRUCTIONS FOR USE

Disinfectant with high concentration and rapid activity: at the indicated dilution of 1% (1 part of product in 99 parts of water), which can be carried out with any type of water, an absence of microbiological development on the treated surfaces is guaranteed after 5 minutes of contact. The application can be done by spraying with special equipment or manually with clean cloths soaked in disinfectant. The product must not be used in the presence of other detergents.

Keep the container tightly closed. Do not swallow. Do not mix with other detergents or anionic surfactants. Any use of sprayers must be carried out with the necessary precautions. Do not contaminate food, drinks or containers intended to contain them with the product.
