

SOLARIS OSMOTECH

DISHWASHER LIQUID DETERGENT FOR OSMOTIC WATER

Specific for osmotic water

Avoids spots and residues

Easy to rinse

APPLICATIONS

Dishwashing liquid detergent with high degreasing power, suitable for industrial plants equipped with osmotizers.

EDTA-free product, usable in combination with chlorine additives.

FEATURES

Specific product for osmotic water, formulated to increase surface tension and to facilitate the rinsing of glasses and dishes.

Ensures the elimination of starch from plates, cutlery, glasses and crockery in general.

Effective against more resistant stains, such as coffee, tea and lipstick.

Potassium based product, with balanced sequestering apparatus, prevents the formation of marks and spots on the dishes.

The product can be added manually or with the appropriate automatic dispensers.
