

POKET BRILLA

DISHWASHER RINSE AID

Rinse-aid additive with drying and shining action

Suitable for all kind of water hardness

Removes scale deposits and detergent residues

APPLICATIONS

Rinse aid additive for dishwashers used in the rinsing phase.

Indicated for the removal of halos and glazes on plates and glasses.

FEATURES

Used in the rinsing phase, at a temperature of at least 80 ° C, it combines an excellent brightening effect with an effective reduction of foam. Facilitates the drying of dishes, making them clean and shiny. Suitable for use with water of all hardnesses, it guarantees the removal of limescale residues and detergent from the dishes
