HANDWASHING LIQUID SOAP

Gravely scented
Leaves skin soft
Indicated for daily care

APPLICATIONS

Liquid soap indicated for daily care. Recommended for the removal of less difficult dirt, suitable for offices, communities and hotels.

FEATURES

Formulated to make the skin soft and elastic; the delicate fragrance makes it suitable for the catering and hotel sectors. Dermatologically tested formulation, thanks to the neutral pH formulation with the addition of amphoteric surfactants, it cleanses without irritating the skin. Viscous liquid easy to dose, leaves the hands soft and pleasantly scented; suitable for daily hygiene.

ISTRUCTIONS FOR USE

Use pure. It is advisable to apply it with special dispensers that allow avoiding hygiene problems, such as the promiscuous handling of bar of soap.
