

SINTOGOM XL

TIRES POLISH

Penetrates into the micropores of the tires

Maintains the original elasticity

Polishes and renews tires and rubber parts

APPLICATIONS

Concentrated, polishing and renewing product for tires and rubber parts.

FEATURES

Maintains the original elasticity of the rubber, leaving a shiny and homogeneous finish. Specific product for tires, also suitable for door seals, mats and any other rubber detail. Formulated designed to penetrate the micropores of the rubber, preventing cracks caused by aging.

Silicone-based product, it does not damage paints and plastics.

INSTRUCTIONS FOR USE

Dilute the product 1: 2 or 1: 3 in water, depending on the desired brightness.

Apply in the following ways

- - clean and dry the part to be treated
- - spray the product and smooth with a sponge
- - let it dry
- - if the tires are particularly deteriorated, repeat the operation

Do not apply the product on the tread.
