

TECNET VIRGO KING

SANITIZING DESCALER WITH POLISHING EFFECT

Removes scale

Makes chrome and stainless steel taps shining

Hydrochloric acid free

APPLICATIONS Specific liquid descaler for the removal of limestone residues from faucets, tiles, bathtubs, shower stalls, ...

FEATURES Liquid detergent free of hydrochloric and sulfuric acids, in the kitchen and bathroom it removes the limestone patina on chrome, stainless steel, glass, porcelain, plastic and aluminium.
Controlled foam formulation, guarantees the descaling, the brightening and the sanitization of all surfaces, leaving a pleasant fragrance in the environment.
Non-viscous product penetrates cracks and orifices such as shower roses and floor joints.

INSTRUCTIONS FOR USE We recommend using the product as follows:

For light incrustations:

pour the product on a sponge cloth and pass it on all surfaces to be cleaned, then rinse thoroughly with water.

To remove resistant deposits:

pour the product directly on the surface and let it act until the limestone is completely removed, then rinse thoroughly with water.

Repeat the operation if necessary.

Do not use on surfaces with worn glazing.

Do not use in combination with hypochlorite-containing detergents
