

SINTODIS X13

ALKALINE RIM DETERGENT

Removes even the most stubborn dirt

Does not attack surfaces

Valid alternative to acid cleaners

APPLICATIONS

Alkaline cleaner for cleaning traditional and light alloy wheel rims.

FEATURES

Product designed to remove brake pad residues and all dirt, easily and completely, without attacking the surfaces. Does not corrode, stain or damage paints. It is not necessary to sponge the circle. It can be used with iron nebulizers.

INSTRUCTIONS FOR USE

After having diluted the product, according to the indications, spray on the surfaces to be treated and rinse thoroughly with water. It is advisable to cool the surface to be treated before nebulizing the product; never let the product dry.

	Universal dirty	Strong dirty
