TECNET BLAST HC6

HIGHLY CONCENTRATED BATHROOM DETERGENT FOR DAILY USE

Removes soap residues and scale stains

Detergent, sanitizer, deodorizer

Persistent note

APPLICATIONS

High concentration maintenance cleaner, sanitary ware for the cleaning of sinks, glass and plastic shower cubicles, bathtubs and sanitary ware, ceramics, bathroom accessories, shower dispenser and faucets, chrome surfaces, tiled surfaces.

FEATURES

Formulated with organic acids and low-foam surfactants, it removes limescale residues due to water deposits and soap residue and shine the taps.
Easily rinsed, self-drying detergent with marked deodorising properties.
Thanks to an active sanitizing principle, it can be used in the corners of the shower trays to prevent the formation of mold.
Product, if properly diluted, usable for the daily descaling of bathroom floors.

INSTRUCTIONS FOR USE

To prepare a detergent ready for daily use:
dilute in water in a ratio of 1:20; spray this pure solution on the surface to be treated and remove with a sponge.

To prepare a ready-to-use concentrated detergent:
dilute in water in a ratio of 1: 5; spray this pure solution on the surface to be treated and remove with a sponge..

To use the product as such, we recommend the following dosages:

For light dirt:	fill 1/3 of the product tray and dilute it in 15 litres of water
For medium dirt:	fill 1/2 of the product tray and dilute it in 15 litres of water
For heavy dirt:	fill the entire product tray and dilute it in 15 litres of water

PACKAGING:	*Standard packages*	*N° pieces for carton*	*N° cartons / packages for pallet*	*N° pieces for pallet*
